SUMMARY OF THE REASONS FOR DECISION:

The DVD entitled *Italian Legacy*, also known as *Gaia Private 4* is classified as:

Objectionable except if the availability of the publication is restricted to persons who have attained the age of 18 years.

This publication is a DVD version of the video recording entitled *Italian Legacy* classified by the Office of Film and Literature Classification as "Objectionable except if the availability of the publication is restricted to persons who have attained the age of 18 years", with the descriptive note 'Contains explicit sex scenes.' This decision was registered on 9th February 1999.

The DVD also contains various notices, a trailer for the feature, publicity stills, brief cast biographies, a summary of the plot of the feature and five other trailers. The Classification Office gave consideration to the impact of the trailer entitled *Private Pure Anal* on the classification of the present publication. This trailer has sexual content, which in terms of its manner and degree, strongly degrades and dehumanises the female participants. However it was considered that the criterion of extent, which requires consideration along with manner and degree under s3(3) of the FVPC Act, was not met. The trailer in question, which has more extreme elements than the moderately degrading and dehumanising elements in the feature as a whole, has a

duration of less than a minute. It is placed within a publication which has an overall duration of almost one and three quarter hours. On balance, it was decided that this additional component does not affect the classification given to the video recording.
